

The Practice

WMT is a progressive eight partner practice based in St Albans. We are a leading practice, servicing the South East. We provide a vast range of services, including advisory, tax, audit, accounting and corporate finance.

We have a large portfolio of clients, including business clients from a range of industries and sectors, including property, recruitment, technology, manufacturing, private clients, charity and not for profit, and pensions.

Opportunity

We are looking for an outstanding individual to join our team. We are a friendly practice that proactively works with our clients to increase their profitability. Our high quality staff are crucial to our success, and we are looking for committed and enthusiastic applicants to join our team to help provide excellent service to our clients.

The qualities that we look for in our students include:-

- Good communication skills
- Numeracy
- An interest in business
- Integrity
- Enthusiasm
- The will to succeed
- + A good sense of humour

Academic Requirements

We offer a 3 year ACA training contract and are looking for applications from high quality graduates and school leavers

Our minimum academic requirements are:-

- 300 UCAS points obtained or expected
- 2.1 degree obtained or expected for a relevant degree and 2.1 degree obtained or expected for a non relevant degree, for graduate applications
- Evidence of self-motivation, enthusiasm, team skills and ability to communicate

Training

We take training very seriously, and we will give you our support to achieve your highest potential. We support our students by providing them with:-

- Exam tuition from recognised tutors to enable you to pass your ACA exams.
- Practical training from an external provider to give you the practical skills that you require throughout your training contract.
- On the job training. Gradually increasing your responsibility for working with our clients.

The Position

Due to expansion we have a rare opportunity for a Graduate to join our tax department. This will primarily be based within our private client team where you will be trained to meet all of the advisory and compliance needs for a variety of clients including high net worth individuals, entrepreneurs and

company Directors. Once you are ready you will be given your own client portfolio to build relationships with and manage on a day to day basis.

If you just like number crunching or ticking boxes this role is not for you as to be a success you will be encouraged to show your own initiative, manage your own work load, be pro active and constantly apply the knowledge you will gain to your clients with the goal of saving them money. This can be a very rewarding role.

You will also be provided with training in our corporate tax department to give you an all round knowledge and confidence in dealing with a variety of issues. By the end of your three year training programme you will be a qualified accountant (providing you are successful in your exams) and you will have gained knowledge and experience in a very respected and rewarding profession.
